

Research Into Use

“Supporting Innovation – Changing Lives”.

The RIU Concept

FARA General Assembly Side Meeting on Overcoming Challenges in
Scaling Out Agricultural Research Successes

Dan Kisauzi

Sandton Convention Centre, Johannesburg
Monday 11th June 2007

THE *RIU* PURPOSE

Scaling out

- ✓ To maximize the poverty reducing impact of the previous Renewable Natural Resources Research Strategy (RNRRS) and, by doing so,

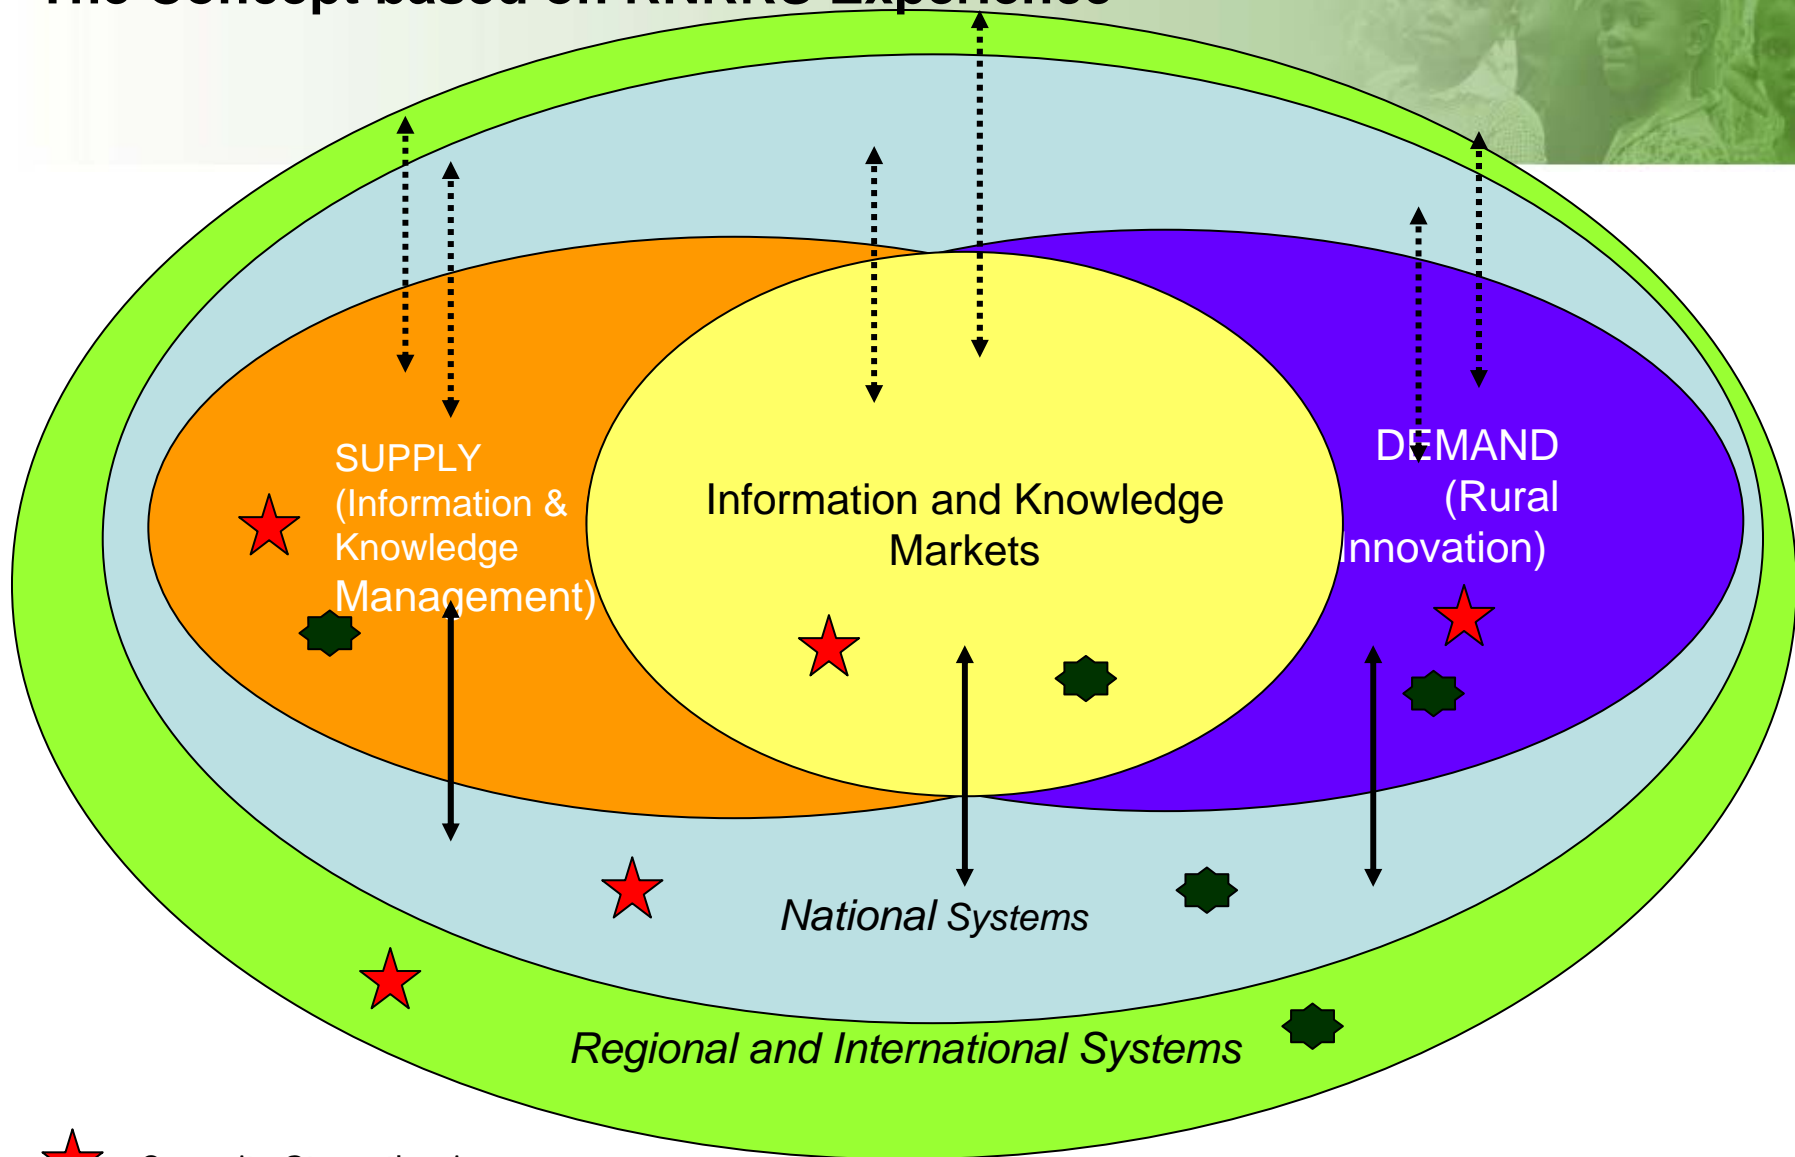

Scaling up

- ✓ significantly increase the understanding of how the promotion and widespread use of such research can contribute to poverty reduction and economic growth.

Hypothesis

“An innovations systems approach is more effective at getting research outputs used than linear approaches”

The Concept based on RNRRS Experience
