

# CAPACITY BUILDING

1. Facilitate the process of institutional ODL policy formulation which addresses issues of quality assurance standards

2. Support capacity building in content development, monitoring and evaluation, learner support, ICT, ODE/L and learning materials development

3. Facilitate the integration of Tech-MODE into the mainstream educational system at national and tertiary education levels.
4. Facilitate the process of policy formulation and implementation for policy makers in an integrated manner.
5. Support advocacy initiatives targeting policy makers
